

PROREACH™

Telescoping Spray Pole

COMPLETE HIGH-REACH WORK UP TO 2X FASTER STAY ON THE GROUND. SPRAY MORE.

ProReach transforms one of the most time-consuming and physically demanding parts of painting—high-reach work—by eliminating ladder time and allowing contractors to spray from the ground with one adaptable tool. It simplifies elevated applications, making them faster, cleaner and more efficient so painters can get more done on every job.

- ✓ Eliminate ladder, lift and scaffolding time
- ✓ Adapt quickly to changing heights and angles
- ✓ Reach elevated and complex spaces easier

PROREACH™

Telescoping Spray Pole

ONE TOOL FOR EVERY HIGH-REACH JOB FROM INTERIOR TO EXTERIOR – ACROSS RESIDENTIAL, COMMERCIAL AND MULTI-FAMILY PROJECTS.

FULLY ADJUSTABLE FOR JOBSITE DEMANDS

Adapt quickly to changing jobsite demands with up to 12 ft (3.7 m) of additional reach and a rotating spray angle for precise positioning across ceilings, walls, soffits and hard-to-reach areas.

REDUCED FATIGUE

Lightweight 4 lb (1.8 kg) design and ergonomic trigger support all-day spraying by minimizing strain and reducing ladder climbing and repositioning throughout the job.

FULL EXTENSION CONTROL

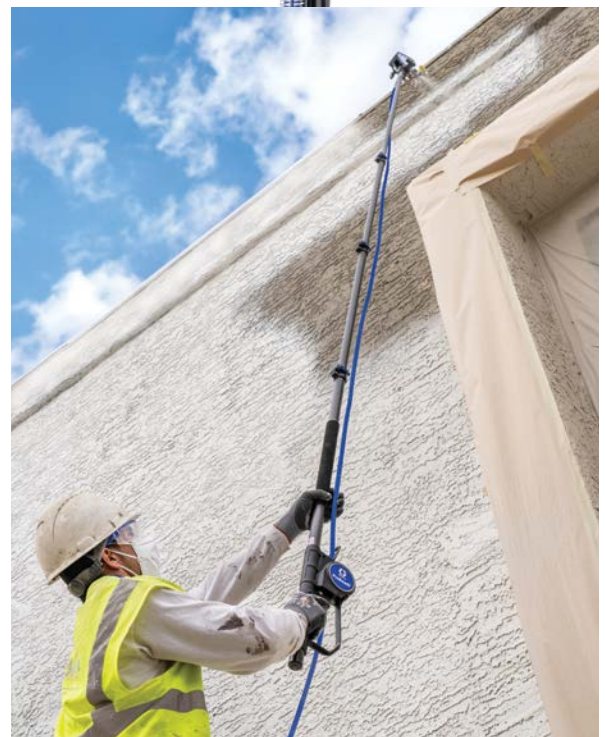

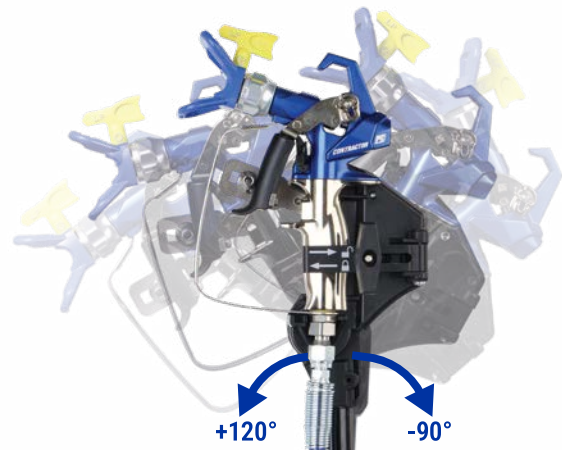

Carbon fiber construction delivers 4X the stiffness of aluminum, reducing flex and maintaining consistent control at full extension.

UNIVERSAL COMPATIBILITY

Designed to work with most airless spray guns and standard hoses (1/8– 3/8 in, 3.2–9.5 mm), featuring a tool-free quick-detach for efficient setup and removal.

IMPROVED FINISH WITH DIRECT GUN SPRAYING

Provides a more consistent spray pattern with reduced spitting compared to traditional extensions, resulting in a cleaner, higher-quality finish.

"ProReach helped us spray more surface a lot faster. It reduced a two-person job to one by eliminating the second person holding the ladder."
